PANEL APPROVES RESCUE SQUAD EXEMPTION

Continued from page 1

panel that, to force these rules and regulations upon these people, will certainly cause some of them to give up their valuable service to their neighbors.

Our local Rescue Squad is the first link in treatment following an accident or sudden illness. Here's that word first--First-aid, according to Webster's is treatment for injury or sudden illness--given before regular medical care is available--Rescue, according to Webster implies prompt action in freeing someone or something from danger.

We, in Appomattox, are in a rural area, some thirty miles from the nearest Hospital, and at various times a doctor is not available, or on duty. We depend heavily on our local Rescue Squad for first aid treatment only. We don't feel the need for a group of expensive, fancy vehicles, or forty people with strange sounding titles, who will be required to be as knowledgeable as a "medical doctor."

We are extremely pleased with the service that we are receiving. Our ambulances are adequately equipped and personnel are properly trained.

Who should know what is good for Appomattox than, we, ourselves. We appeal to your good judgement, that these rules and regulations, will not be put into effect.

We are asking you to amend Section 32, of the Code of Virginia, that will leave certification of vehicles and personnel to the local governing authority using guidelines from the State Health Department, not mandated by Law.

Guidelines we can live with--law we cannot--pass the numbered amendments as they are, and it will seriously put our citizens at a great disadvantage--that of not having a local Rescue Squad for first aid treatment, thus breaking a link in a vital chain.

Frankly, Gentlemen, we are not prepared to provide this service to our people.

Again, I appeal to your good judgment, please do nothing that would contribute to the disbanding of our LOCAL RESCUE UNITS.

Tops News

The meeting was called to order by Margaret Lockner in the absense of Susan Martin, leader. The pledge was recited by the members.

As the roll was called Bobbie Mullins was declared best loser of the week with a loss of 5% pounds.

Pat Hodge, a Stork Club member, came back to TOPS 2 weeks after the birth of her daughter. Pat had lost 24½ pounds during her stork club membership. Instead of gaining every week she lost. She has lost a total of 50 pounds in one year of membership. Pat has done something worth writing about.

Another member, Margaret Lockner has done a wonderful job of losing weight. She joined TOPS &Take off Pounds Sensibly on November 11, 1977. She lost weight almost every week until she reached goal on August 17, 1978. Margaret had to maintain her weight for 13 weeks before she could become a KOPS(Keep Off Pounds Sensibly). Margaret said maintaining is so much harder to do than lose. She has lost a total of 63 pounds. The TOPS girls are very proud of Margaret.

The next meeting will be held on February 15, 1979. Fidelity Branch Bank. Weigh-in 6:30. Meeting 7:00.
